

BOFAS-EFAS Young Foot & Ankle Surgeon Forum

British Orthopaedic Foot & Ankle Society

Start Date: 10/26/2022

End Date: 10/26/2022

Timezone: BST

BOFAS-EFAS Young Surgeon Forum is an all-day pre-EFAS Congress event in Edinburgh on Wednesday, 26/10/22. This highly informative educational event would be an academic feast for the young foot and ankle surgeons across UK and Europe. The forum has three themes spread across the day. The 1st session is titled "What is the Evidence & How do I do it?". This will comprise evidence-based practice and technical tips including videos of surgical techniques. During the second session titled "Pearls of Wisdom," senior surgeons would share their journeys and experience. The 3rd session would be an interactive case-based discussion session so that everyone can learn something from it.
