

BOFAS Diabetic Foot Principles Course (Milton Keynes)

Start Date: 4/15/2024

End Date: 4/15/2024

The BOFAS Diabetic Foot Principles Course is an exciting new course designed for Orthopaedic trainees. The Course will take place in Milton Keynes and will cover the diabetic foot content in the FRCS (Orth) curriculum but will also enable those attending to manage confidently diabetic foot patients who they will encounter on call, both as trainees and as consultants. The content will be delivered in an informal and interactive multidisciplinary environment, with an emphasis on practical management, including workshops and critical Case Based Discussions. The multidisciplinary faculty includes BOFAS accredited orthopaedic surgeons, plastic and vascular surgeons, radiologists and diabetologists.
