

Advanced Skills Arthroscopy Course - open for booking - Full

Start Date: 7/5/2024

End Date: 7/5/2024

Arthroscopy is an essential tool in modern-day Orthopaedics and forms part of the contemporary focus on minimally invasive techniques in surgery. This course is focused on instruction, invaluable in the early years of consultant life and beyond and is particularly useful when adopting new and more advanced techniques, some of which will be performed during the course.
