

## Website Updates

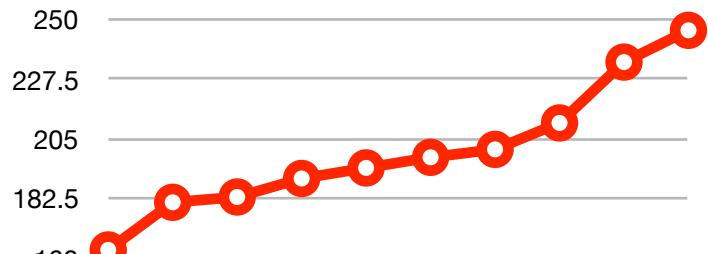

## Registry Usage

Since the introduction of the foot and ankle general pathway there has been a dramatic increase in foot and ankle pathways entered onto the registry. This has seen a massive leap forward for the registry.

Since BOFAS Sheffield 2017 we have seen a **50%** increase in our BOFAS registry consultant users.

## Number of Pathways Registered over Last Year

## Upcoming Features

Trauma pathways are currently being investigated.

The BOFAS website registry pages have been updated to make it easier to use.

The top picture on the left shows a screenshot of where the registry pages can be accessed.

The bottom picture shows the new tabs on the website to enable easy searching and accessing information required to set up and use the registry.

Recent additions: **patient flyers** and **waiting room posters**.
