

The South Manchester Foot & Ankle Fellowship provides a comprehensive , well rounded advanced clinical and surgical experience in all aspects of Foot & Ankle Surgery . You will be working with 3 dedicated full time orthopaedic consultants and 2 specialist podiatrists . The post offers experience in a large volume of routine foot and ankle surgery , ankle and toe joint arthroplasty , arthroscopic surgery , fine wire frames , complex reconstruction , sports surgery and trauma . There are established MDT clinics with Rheumatology , Diabetic Foot and Plastic Surgery which will offer the fellow experience in a MDT working . In addition , the unit also has regular Radiology and Infection / Microbiology MDT meetings . We are the tertiary referral centre for complex Foot & Ankle trauma and elective surgery for Greater Manchester. The department also works very close with the regional Plastic Surgical unit is providing a OrthoPlastic service for open lower limb injuries to GM. Participation in ongoing audit , research and publication is expected . The fellow will take part in a 1 :11 on call rota . The post is suitable for those coming to the end of their training and wanting to follow a career in foot and ankle surgery . The recent merger of UHSM & CMFT to form the Manchester University NHS trust has now made us one of the largest health care trusts in the UK with several new exciting opportunities .
