

Mr Hennessy Fellowship – Wirral University Teaching Hospitals

This a 12 month fellowship in an organized and well supported unit. The unit consists of 3 foot and ankle consultants. There are regular independent and supervised elective new patient and follow up clinics. All elective operating is performed at a cold orthopaedic unit (Clatterbridge hospital). There are weekly supervised elective lists along with regular independent lists. We offer a full provision of foot and ankle services including deformity correction, arthroscopic and arthroplasty work along with the standard hind, mid and forefoot procedures. There are no out of hours on call commitments however there is a weekly trauma list and fracture clinic to ensure continued familiarity with general and subspecialist foot and ankle trauma work. There is the opportunity to participate in the monthly diabetic MDT service. Fellows are encouraged to participate in the departmental audit, governance and research with allocated time in the job plan for this. Study leave for relevant courses and conferences is encouraged with a limited budget available to support this.
