9. What were the highlights?(please answer in box)

The fellowship was a good mix of trauma and elective cases. Good operative exposure in both settings. Developed skills in both routine and complex procedures in both elective and trauma

Regular elective clinics both independent and combined.

Weekly fracture clinics with the rest of the foot and ankle team gave good teaching and learning opportunities

Weekly MDT meeting to discuss upcoming elective lists

Regular diabetic MDT clinics to gain knowledge of diabetic management

Many opportunities to undertake audit and research. 3 publications during the fellowship
